Unified Mentor

Project Title:

Analysis and Evaluation of Facebook Advertising
Campaign for NOTD (Nail of the Day)

Course:

Bachelor of Business Administration (BBA)

College Name:

Bharati Vidyapeeth Deemed University

ACKNOWLEDGEMENT

I would like to express my sincere gratitude to Unified Mentor for providing me with the opportunity to undertake this internship project on Facebook Advertising Campaign Analysis. This project enabled me to gain practical exposure to digital marketing strategies, social media advertising, audience targeting, and campaign performance evaluation.

I am thankful to my mentors and faculty members for their continuous guidance, encouragement, and valuable suggestions throughout the completion of this project. The knowledge and experience gained during this internship have significantly enhanced my understanding of digital marketing and advertising analytics.

EXECUTIVE SUMMARY

The purpose of this project was to design, execute, and evaluate a Facebook advertising campaign for NOTD (Nail of the Day), a beauty and nail art brand. The campaign was launched with the objective of increasing page likes, improving audience engagement, and enhancing brand awareness among Facebook users.

The campaign was conducted using a limited advertising budget of ₹96.06 and successfully generated 96 page likes while reaching 914 users. The campaign achieved a cost per like of ₹1, demonstrating excellent cost efficiency. Various performance indicators, including reach, engagement, audience demographics, and user interactions, were analyzed to evaluate campaign effectiveness.

This report presents the campaign strategy, implementation process, performance analysis, insights gained, challenges encountered, and recommendations for future improvements.

1. INTRODUCTION

Digital marketing has emerged as one of the most influential promotional tools in today's business environment. Social media platforms provide organizations with opportunities to connect directly with their target audiences and build meaningful customer relationships. Among these platforms, Facebook remains one of the most widely used advertising channels due to its extensive audience reach and advanced targeting capabilities.

Facebook Advertising enables businesses to create customized campaigns that can achieve specific objectives such as brand awareness, engagement, lead generation, website traffic, and customer acquisition. Through audience segmentation and performance analytics, businesses can optimize their marketing efforts and improve return on investment.

The present project focuses on analyzing a Facebook advertising campaign conducted for NOTD (Nail of the Day). The campaign served as a practical exercise to understand advertising mechanisms, campaign management, audience behavior, and performance measurement techniques.

2. ORGANIZATION PROFILE

About NOTD (Nail of the Day)

NOTD (Nail of the Day) is a beauty-focused brand that specializes in showcasing creative nail art designs and nail care inspiration. The brand utilizes social media platforms to engage with beauty enthusiasts and promote modern nail art trends.

The primary objective of the brand is to create awareness about nail art services while building an active online community interested in beauty, fashion, and self-care.

Key Areas of Focus

- Nail Art Design Inspiration
- Beauty and Fashion Content
- Customer Engagement
- Social Media Marketing
- Brand Awareness Building

3. OBJECTIVES OF THE CAMPAIGN

The campaign was designed to achieve the following objectives:

- To increase Facebook page likes and followers.
- To enhance brand awareness for NOTD.
- To improve audience engagement with the brand.
- To understand Facebook Ads Manager and campaign analytics.
- To evaluate campaign effectiveness through measurable performance indicators.
- To gain practical exposure to social media marketing techniques.

4. CAMPAIGN STRATEGY

A strategic approach was adopted to maximize campaign performance while operating under a limited advertising budget.

CAMPAIGN OBJECTIVE

The selected campaign objective was;

Get More Page Likes

This objective was chosen because increasing followers contributes directly to long-term brand awareness and audience growth.

TARGET AUDIENCE

The campaign targeted Facebook users within India across multiple age groups. The intention was to maximize exposure and collect audience data for analysis.

BUDGET ALLOCATION

The campaign was conducted with a total expenditure of ₹96.06.

EXPECTED OUTCOMES

The campaign was expected to:

- Increase page followers.
- Improve engagement levels.
- Strengthen brand visibility.
- Generate audience insights for future campaigns.

5. AD CREATIVE ANALYSIS

The advertisement utilized a visually appealing nail art image supported by relevant hashtags and a clear call-to-action encouraging users to follow the page. The visual content successfully reflected the brand's identity and attracted audience attention.

STRENGTHS OF THE ADVERTISEMENT

- High visual appeal.
- Professional presentation.
- Relevant beauty-focused content.
- Clear branding elements.
- Simple and effective messaging.

AREAS OF IMPROVEMENT

Future campaigns may benefit from:

- Video advertisements.
- Customer testimonials.
- Promotional offers and discounts.
- Before-and-after nail transformation content.
- Stronger call-to-action messaging.

6. CAMPAIGN PERFORMANCE ANALYSIS

The campaign generated the following results:

PERFORMANCE METRIC	RESULT
Amount Spent	₹96.06
Reach	916 users
Views	964
Page Likes/Follows	96
Post Engagements	51
Post Creations	46
Link Clicks	4
Cost Per Like	₹1.00

REACH ANALYSIS

The campaign successfully reached 914 users. Considering the limited advertising budget, this level of exposure indicates effective audience delivery and brand visibility.

VIEW ANALYSIS

A total of 964 views were generated, exceeding the total reach. This suggests that certain users viewed the advertisement multiple times, contributing to improved brand recall.

ENGAGEMENT ANALYSIS

The campaign received 51 engagements and 46 reactions. These interactions indicate that users found the content relevant and engaging.

FOLLOWER GROWTH ANALYSIS

The campaign generated 96 new page likes, demonstrating the advertisement's effectiveness in attracting potential followers and expanding the brand's online audience.

COST EFFICIENCY ANALYSIS

The campaign achieved a cost per like of ₹1.00, representing highly efficient budget utilization. This outcome demonstrates that even a modest advertising investment can generate meaningful

7. AUDIENCE ANALYSIS

GENDER DISTRIBUTION

- Male Audience: 82.6%
- Female Audience: 17.4

The campaign reached a predominantly male audience despite the brand operating within the beauty and nail art sector. This indicates an opportunity to improve audience targeting in future campaigns.

AGE GROUP ANALYSIS

The highest levels of engagement were observed among the following age groups:

- 25–34 Years
- 35–44 Years
- 45–54 Years

These demographic segments appear to be the most responsive audiences and should be prioritized in future advertising efforts.

GEOGRAPHIC ANALYSIS

The campaign primarily reached users located in India, which aligns with the intended target market of the brand.

8. OPTIMIZATION EFFORTS

Several optimization measures were implemented throughout the campaign:

- Selection of an appropriate campaign objective.
- Use of visually engaging creative content.
- Efficient budget allocation.
- Geographic audience targeting.
- Performance monitoring through Facebook Ads Manager.

These efforts contributed to the campaign's overall effectiveness and cost efficiency.

9. KEY ACHIEVEMENTS

The campaign delivered several positive outcomes:

- Successful acquisition of 96 page likes.
- Achievement of an exceptionally low cost per like.
- Strong audience reach despite budget limitations.
- Positive engagement from Facebook users.
- Enhanced brand visibility and awareness.

10. CHALLENGES FACED

Although the campaign performed effectively, several challenges were encountered:

- Limited advertising budget.
- Short campaign duration.
- Audience mismatch between intended and actual demographics.
- Low number of link clicks.
- Limited data available for deeper performance analysis.

These challenges provide valuable learning opportunities for future campaign planning.

11. INSIGHTS AND LEARNING

The project generated several important insights regarding social media advertising:

- Audience targeting significantly influences campaign outcomes.
- Visual content plays a critical role in user engagement.
- Even small budgets can generate measurable results.
- Continuous monitoring and optimization improve campaign performance.
- Data-driven decision-making enhances marketing effectiveness.

The project also improved practical understanding of Facebook Ads Manager, campaign setup, audience

12. RECOMMENDATIONS

Based on the analysis, the following recommendations are proposed:

ENHANCED AUDIENCE TARGETING

Future campaigns should focus primarily on women aged 18–45 years with interests related to beauty, cosmetics, fashion, nail care, and lifestyle.

INCREASED CAMPAIGN DURATION

Running advertisements for a longer period will provide Facebook's algorithm with additional time to optimize delivery and improve performance.

UTILIZATION OF VIDEO CONTENT

Video advertisements generally generate higher engagement rates and should be incorporated into future campaigns.

A/B TESTING

Multiple advertisement creatives should be tested simultaneously to identify the most effective content formats.

MUTI-PLATFORM ADVERTISING

Integrating Facebook and Instagram advertising can increase audience reach and improve campaign effectiveness.

13. CONCLUSION

The Facebook advertising campaign conducted for NOTD (Nail of the Day) successfully achieved its primary objective of increasing page likes and enhancing brand awareness. Despite operating with a modest budget of ₹96.06, the campaign generated 96 page likes, reached 914 users, and maintained a highly efficient cost per like of ₹1.00.

The campaign demonstrated the effectiveness of Facebook advertising as a tool for audience growth and brand promotion. Furthermore, the project provided valuable practical experience in digital marketing, campaign management, audience analysis, and performance evaluation.

Overall, the campaign can be considered successful and serves as a strong foundation for future social media marketing initiatives.
